Enhancing employability

Indian Institute for Production Management (IIPM) at Kansbahal has carved a niche in the country in the field of professional management education and training

INDIAN Institute for Production Management (IIPM), an institute set up by the joint effort of ICICI, L&T and Government of Orissa in the picturesque surroundings at Kansbahal, 20 km from Steel City Rourkela, has carved a niche in the country in the field of professional management education and training. Since its inception in 1983, the institute has attracted the attention of industries both from India and abroad.

More than 40,000 professionals from Indian industries have been trained in management of world class operation and maintenance practices to help them increase the productivity level of industries. These efforts of the institute have found worldwide recognition with several countries sponsoring their industry personnel to attend training programme at IIPM. It is the credit of the institute that till date more than 1100 overseas participants have been trained in world class manufacturing practices. The Institute has also come up as a leading consultant in India specializing in the field of Condition Based Maintenance Services, Reliability Centered Maintenance and Total Productive Maintenance. The client list of the institute includes reputed companies as Volvo, Saint Gobain, ONGC, GAIL, IOC, NTPC, Reliance Industries, Lafarge India, TATA Motor, Jindal Steel, BOC India Ltd., ACC etc.

In recent years the institute's excellence in providing

quality education has also attracted the large number of engineering graduates to its highly acclaimed Post-Graduate Diploma in Engineering Management (PGDEM) and Advanced Diploma in Maintenance Management and Condition Monitoring (ADMM&CM) Programme. Some of the companies who have recruited the students of these programmes are L&T, Anand Group, JK Paper, Haden International, OCL India, Aditya Birla Group, Usha Martin, Neco Group, SPM etc.

The AICTE approved and BPUT affiliated MBA Programme at IIPM is receiving tremendous response from the students desirous of making a career in the challenging world of business and management. The students enrolling at IIPM are having world class resources to support their intellectual stimulation and development. The learning environment, industry interface, and opportunity to the student scholars to excel in their chosen discipline are the hallmark of the management school. The comprehensive and rigorous learning settings combined with a focus on talent transforming seminars, conferences and industrial workshops at the Management School of IIPM facilitate the availability of a world class managerial pool to the well known organizations in India today.
